IP 45

Technical data

Type	Profi 145 S
Drum capacity	145 l
Performance	
• Handwheel	
• Handwheel/brake/foot pedal operation	
Motor	
A.C. (Altern. current)	230 V~ 50 Hz
Power P ₁ S1	700 W
3-phase	400 V 3~ 50 Hz
Power P ₁ S1	750 W
Dimensions	
Length	1200 mm
Width	680 mm
Height	1280 mm
Weight	approx. 60 kg
double insulated	<input type="checkbox"/>
in conformity with GS/CE	

Order-No. for Profi 145 S with	
• A.C. motor and handwheel	322500
• Three-phase motor and handwheel	322501
• A.C. motor and handwheel/brake/foot pedal operation	322502
• Three phase motor and handwheel/brake/foot pedal operation	322503

Profi 145 S - for professional mixing

ATIKA concrete mixer Profi 145 combines perfectly the experience of production of more than 1 million concrete mixers. Profi 145 is constructed in full conformity with the latest European Safety Regulations and offers all quality features indispensable for tough site work, i.e. long durability, reliable operation and best mixing result. Alternatively delivered with handwheel or handwheel, brake disc and pedal operation. A concrete mixer, well approved on sites worldwide.

Distortion-free and re-inforced frame, wide footplate, sturdy chassis with elastic wheels and properly dimensioned bearings absorb all existing loads. The 700 W A.C. single-phase or 750 W 3-phase motors with thermal overload protection and no-voltage release guarantee powerful operation and quit running. Power transmission via a sturdy, well protected pinion gear. Precision ball bearings provided for drum and drive-shaft.

Conical shape of mixing drum with folded edge and large opening allow easy filling and emptying. Ingenious mixing forks guarantee best mixing results. The large handwheel and optionally the brake disc and pedal operation guarantee easy and comfortable handling.
